Crane Training Schools Regina

Crane Training Schools Regina - We have designed various Mobile Crane Operation programs at our Crane Training Schools. These programs are recommended for the experienced operator who needs re-certification or certification, and for inexperienced operator who is looking for work in the business. Crane operator positions are in demand because of their high pay. Operators of cranes are among the highest paid of whichever operator of heavy machine.

Our Crane Operator training offers instruction for a variety of mobile cranes. Course subject includes Wire Rope, Crane Set-up, Load Dynamics, Lift Planning, Rigging, Signaling and Load Charts.

The program is best for crane operators, riggers and their supervisors. The materials included in the course would include a guidebook and numerous useful handouts. The illustrated safety manual consists of one hundred to two hundred fifty pages, that depends on the course, of vital and helpful material. Course materials include load charts and load chart exercises for the crane with which the individual training is working.

More than half of the course includes Hands-On Safety Training. Practical training is useful for increasing and developing personnel skills levels. Just licensed journeyman crane instructors are selected to teach the courses. Our instructors possess many years of industry experience.

Optional testing mechanisms are provided for all of our courses. Students will usually write tests both prior to and following training. A skills test is usually administered for programs that comprise H.O.S.T. People training will be graded and tested.

We offer certified training programs for the following cranes: Lattice Boom/Crawler Cranes; Fixed and Swing Cab Mobile Hydraulic Cranes; Rigging / Signalperson Training and Certification; Articulated Boom / Knuckleboom Cranes; In-The Seat Training and Certification & Testing.
