There are however a lot of good reasons to send some of your employees to Train the Trainer courses. Your company can benefit by maximizing your investment. Teaching an existing staff individual to train other employees is cheaper than engaging the services of somebody new. Businesses have to avoid expecting people to take on trainer duties on top of their existing duties. The chosen trainer needs to be relieved of some of their duties to be able to prevent trainer exhaustion.

Developing training resources internally helps to empower your business, encourage staff to be self-reliant and increase its resources. With an in-house trainer, other staff members could feel more comfortable learning new skills than they would with someone new. By training internally, new personnel could be trained fast and brought up to speed on the machinery in the event of employees turnover.
